

21 Meters = Hogline

In the 2015 LSBs, in our Domestic Regulations which start on page 74, there's reference to 21 meters in DR 102, Improper delivery of the jack (see Law 10.5).

This would be a good time to note the changes in your rule book as noted in 102.1, 102.2, and 102.3. To make this a wee bit easier (yes, I know, the print is rather small and light in the rule book), here's where to make those changes in the 2015 LSBs by page number and definition, law or appendix number. I included Law 10.1.3 (although it is not mentioned by World Bowls as one of the places to note a change) because it is the first place in the LSBs that mentions 23 meters as the "hogline."

While you're making these changes in your rule book, please make the following one, too:

Page 77, DR 108.5.2, where it says a 'forfeit win' will receive 2 match points, that number ought to be 3 match points. This got by all of our efforts at proofreading, for which I apologize.
