Treasurer—J. George Hawkins.....	Los Angeles

VISITING BOWLERS FROM OTHER STATES ARE INVITED TO PARTICIPATE IN THIS TOURNAMENT.

BOWLING GREEN DONT'S — or —

DONT'S FOR THE GREEN BOWLERS

Don't bump your bowls on the green—roll them.

Don't run after your bowl, after making a shot, it is unnecessary wear on the green, does not change the course of the bowl and delays the game.

Don't stand on the mat to watch the effects of your bowl—step aside—so the next player can get in position to play.

Don't crab at your partner if he does not play well—you may be worse tomorrow.

Don't expectorate on the green or in the ditch, if you expect to be rated a decent bowler.

Don't stand on the greens with the skip—sit on the bench!

Don't fail to kick in your share of the bowls—not to do so is very poor sportsmanship.

The smooth trimmed greens await the running Bowls

The hard won pennants flutter in the breeze,
Our kindly game brings peace unto men's souls.

What matter our defeats or victories ?

Why worry whether ends be short or long,

If in the playing we a friend may find ?

Sometimes we're weak, sometimes a little strong,
But let us see that we are always kind.

O. N. Beasley	Chairman Games Committee 9600 Santa Monica Blvd., Phone CRestview 56141

Membership \$10.00. Yearly dues \$5.00. Green fee \$1.00 per month. Greens available for play daily.

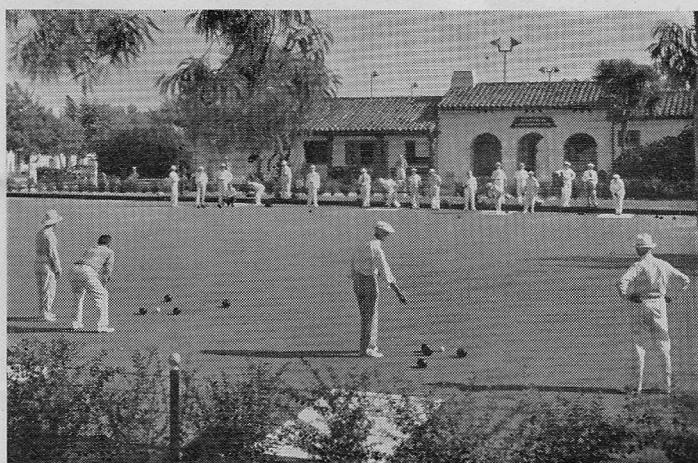

The Beverly Hills Lawn Bowling Club was organized in 1923 and in 1928 moved to its present location in Roxbury Park. In the beginning one green was sufficient. However, due to the rapid growth of the Club, we, with the co-operation of the Park Commissioners of Beverly Hills, added another green so that now we have two of the finest greens to be found anywhere.

Beverly Hills, a beautiful residential city, offers bowling enthusiasts reasonable apartment and home rentals with nearby shopping, and theatre centers. With Hollywood and Los Angeles on the east and Westwood, Brentwood, and Santa Monica on the west, one is ideally located in this beautiful city. Through the courtesy of the Beverly Hills Citizen we are the only lawn bowling club in the country having a weekly column devoted to this sport.

This club extends a most cordial invitation to all visitors.

Claremont, with a population of 3000, is a college town located thirty-five miles east of Los Angeles in the great citrus belt that lies along the foothills of the Sierra Madre Mountains. Here, among trees and spacious grounds, are Pomona College, Scripps College, and Claremont College, the latter a graduate school. There are three private schools, Norton School for Boys, Webb School for Boys, and the Girls' Collegiate School. Modern highways lead to mountain and seashore resorts. Summer heat is never excessive and the average altitude is 1500 feet. Municipal tennis, badminton, roque, bowling and golf are only a few of the attractions that Claremont has to offer its citizens and visitors.

CLUB FACILITIES AND ENVIRONS

Our "Home Green" is one of the best of the many "Municipal Greens" which the city of Los Angeles has so generously provided the lawn bowlers of Southern California.

Its location is unsurpassed, not only because of its accessibility, parking facilities, and clubhouse with modern accommodations, all within one of the city's most beautiful small (Holmby) parks. Adjacent to the finest residential sections and magnificent estates of some of the greatest movie and radio celebrities, nationally known golf courses, polo fields, University of California, and those charming suburbs of Beverly Hills, Bel-Air, Brentwood and Westwood, yet but a short distance from the famous "Movie Capital," Hollywood. Within these attractive environs reasonable accommodations are obtainable by those bowlers from distant points who annually sojourn to beautiful Southern California from whom we solicit an investigation.

"Holmby Club" has an average membership of more than forty enthusiastic bowlers, and while sociability predominates rather than that keen competition that exists in some other clubs, visiting bowlers are assured, however, of interesting games and a most generous welcome. The club has limited equipment for temporary loan to beginners whom we encourage to become interested in this, the oldest most beneficial and healthful of all out-of-door sports.

Drive out Wilshire Boulevard through Beverly Hills, just beyond the L. A. County Club to Comstock Avenue, turn right a couple of blocks and there you are. You will always find the latch string on the outside.

The Kola-Wila Lawn Bowling Club was organized November 17, 1937, by a group of professional and business men who named the Club "Kola-Wila" meaning "Friends" or "Companions."

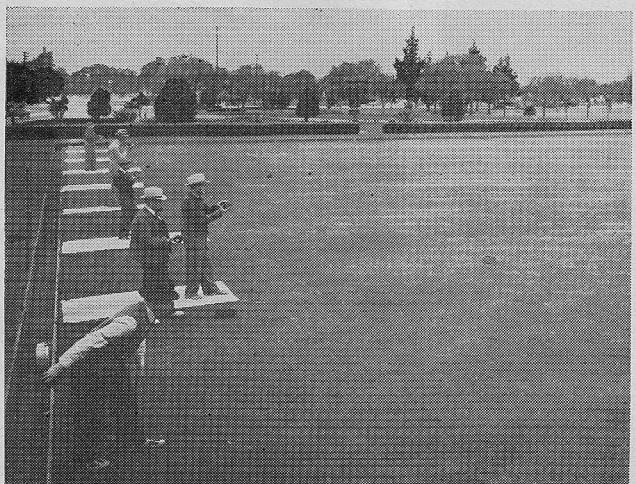

The Club play is confined principally to Wednesday, Saturday and Sunday afternoons.

The Club uses the Municipal lawn bowling greens, in beautiful Recreation Park, where one may not only lawn bowl, but play golf, tennis, baseball, swim and picnic.

The Club, though existing only a little over 2 years now enjoys a growing active membership, most of whom never bowled before, but who are now enthusiastic bowlers.

Summer Members, \$2.50 a month.	

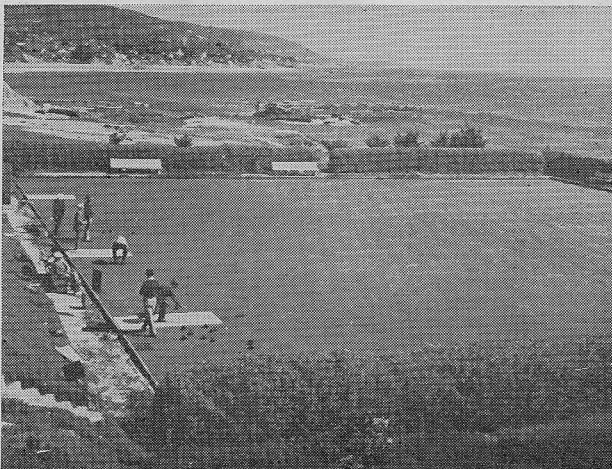

Laguna's green is located on a cliff high above the Pacific, overlooking an unsurpassed scenic panorama of ocean, rugged coastline, village and mountains.

Visitors are always welcome and Laguna is a popular objective for them. Tournaments are usually held on Thursdays, but there is spirited play daily. The club is in its tenth season.

The Laguna club strives rather for an enthusiastic membership than for numbers. One healthy aspect of the club is the number of summer members who return year after year for the entire season. Inter-club play with Redlands Riverside, Long Beach and now with the new and beautifully equipped Santa Ana club grow in importance from year to year. Numerous experienced bowlers have been attracted to Laguna since installation of the green, and now make their permanent home in Laguna Beach, which is a quiet and picturesque seaside village, with a large colony of painters, hand craftsmen and writers.

The bowling green is located on the south shore, overlooking Newport Bay with a view of boats and yachts at anchor or sailing by on the waters of Newport Harbor which was improved in 1935, at a cost of nearly two million dollars under direction of United States Army Engineers.

This harbor is now accredited as the finest yacht harbor in the country and the local citizens are planning for further additions and improvements. Newport Beach, with its many delightful subdivisions of Balboa, Balboa Island, Lido Isle, Corona del Mar, and Newport Heights, is rapidly gaining fame as one of the most desirable residential cities in Southern California, offering as it does practically every-type of home and residence sites, together with fine apartments, cottages and good eating places. It is also gaining fame for its fine health advantages.

This club was organized with a charter membership of 70 at the beginning of 1935. The green is in first class shape and are open to play any day of the week except Mondays and we hope to have several tournaments to which all clubs will be invited. Notice of which will be sent out in due course.

PALM SPRINGS LAWN BOWLING CLUB

Bowling fee for non-members \$1.00.

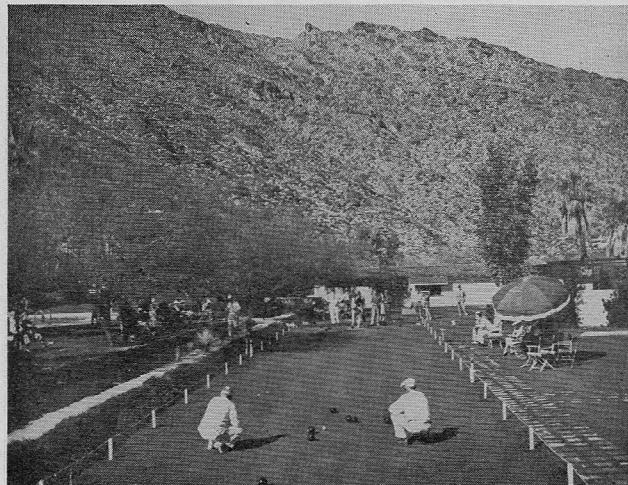

Telephone: Palm Springs 6865.

The Palm Springs Tennis Club, now ending its third season, added a bowling green to its numerous attractions last winter. Measuring 126 feet long by 18 feet wide, it is the first green to be constructed at the famous desert resort and proved to be such a popular rendezvous for visiting bowlers and club members anxious to learn the ancient game that it has been decided to enlarge the green next season, which will open on October 15th.

The club also contains three championship tennis courts, a swimming pool, a trout stream, locker rooms—and the clubhouse with bar nestles picturesquely at the foot of Mt. San Jacinto near Tahquitz Canyon.

The owners are Mr. and Mrs. Austin G. McManus; Anthony Burke, manager, and Betty Nuthall, assistant manager.

Oh! Take me to the Desert
Where the atmosphere is dry.
Oh! Take me to that Paradise
Where the health rate soars high.
Oh! Take me to the Desert, love;
Let me fly upon the wings
Of sweet content and happiness;
Please take me to "Palm Springs".

PASADENA LAWN BOWLING CLUB

Central Park, Pasadena

Mail Address: 275 South Raymond Avenue

P. J. Muirhead _____ President
W. J. Holbrooke _____ Vice-President
H. A. Culloden _____ Secretary-Treasurer

In the advancement of Lawn Bowling in California the Pasadena Lawn Bowling club, since its organization, June 30, 1921, has always been in the front rank. It was one of the four clubs to form the Southern California Lawn Bowling Association and has been the arena of some of the most notable tournaments held in this country. The cup presented by its former president, Charles J. Fox, brought three British teams here in unsuccessful efforts to win it. The cup was then sent to Florida, where a fourth team of plucky Britons won it and took it home.

These contests had the result of giving the Pasadena club almost an international status and each winter many subjects of Great Britain are in the habit of making Pasadena their headquarters.

Situated in a beautiful park, surrounded by rare trees, and lovely flowers, the Pasadena greens have an admirable setting. Located within walking distance of the Civic Center, the gay shops and theatres and Pasadena's celebrated hotels, the clubhouse is particularly accessible. The two greens are of excellent construction and so well drained that within a few hours of a heavy rainfall they are playable, a characteristic much appreciated by the members of affiliated clubs for miles around.

The clubhouse is comfortable and cozily furnished. It was built to accommodate a maximum of a hundred members and as the membership is kept at about half that number the club is able to care for its winter guests comfortably.

Not so old in years, the Pasadena club has had a ripe experience and has established a tradition which it strives to maintain, of sportsmanship, comradeship, friendliness, and hospitality.

HISTORY OF THE CLUB

Among the many and varied attractions possessed by the beautiful city of Redlands is its lawn bowling green situated in Sylvan Park, beside the swimming pool, surrounded by lawns, semi-tropical trees and shrubbery, nestled in a district famous for its orange groves, bathed in sunshine, surrounded with flowers, yet in full view of lofty snow-capped mountain peaks. It is indeed a spot of scenic grandeur and charm.

The Redlands club, organized by Melvin L. Hooper in the early twenties, is one of the most active clubs in the Southern California Lawn Bowling Association, has two fine greens, an adequate clubhouse, and one of the best lighting systems for evening play on the Pacific coast.

The Redlands club extends a cordial welcome to visiting bowlers from any part of the world.

Santa Monica Lawn Bowling Club is one of the new members in the Southern California Lawn Bowling Association

Unknown to the majority of the bowling fraternity, this club of limited membership has been in existence for several years through the courtesy of Senator L. C. Phipps, who has a green on his estate which the members use on Tuesday and Saturday afternoons.

Owing to the limited accommodation and private ownership, visitors cannot be entertained except by invitation; but the club hopes in the near future to have a municipal green and are working to that end with the city authorities.
